**SOUTH COAST AIR QUALITY MANAGEMENT DISTRICT**

**ENGINEERING DIVISION**

**MEMORANDUM**

**DATE:** January 4, 1991  
**TO:** Engineering Division Staff  
**FROM:** William J. Fray /s/ WJF  
**SUBJECT:** Source Test Protocols

As you may recall, the attached memo, dated November 22, 1988, was followed by verbal instructions that our engineers with experience in source testing would review source test protocols for the Division. In the future, all source test protocols and source test results submitted in conjunction with engineering activities must be forwarded to Technical Services Division for action. These documents should be addressed to John Higuchi.
